

**Notes of the Working Committee of the Vermont Fire Service Training Council
April 12, 2010**

At the April 12 meeting there were not enough folks in attendance or available by phone to meet the quorum requirements for the Council. So, absent a quorum the following members of Council convened as a Working Committee:

Mr. Brad Reed, PFFV; Chief Troy Ruggles, VCFC; Chief Wendall Mansfield, VFCA; Chief Al Barber, VSFA; Mr. Gary Ouellette, Insurance

By consensus the following recommendation was made:

We recommend to the Council the adoption of the Firefighter II and combined Firefighter I and Firefighter II curriculums with the understanding that Terry Farr and Dan Zimmer work with the Lead Instructors to look for efficiencies in delivery and make adjustments during the course deliveries as long as competencies are not impacted.

If any Council member has concerns about this action please advise Jim Litevich by Friday, April 23, 2010. It is expected that this action will be confirmed at the June 15, 2010 meeting of the Council.

Please note: Next meeting of the VFSTC – June 15, 2010 0900 at the VFA in Pittsford.

Also: Finally, the ribbon cutting for our new building will be Saturday May 15 starting at 10 am on site here in Pittsford. You are all invited and please feel free to relay this information to all interested parties in your organizations!
