

**TO: Trade Professionals**  
**FROM: Michael Desrochers, Executive Director**  
**DATE: June 5, 2020**  
**SUBJECT: COVID-19 Operational Adjustment- Licensing**

---

On May 14, 2020, Governor Scott signed into law Act 100 extending electrical and plumbing licenses due to expire after March 30 to September 30, 2020. The Division of Fire Safety recognizes some trade professionals are struggling to obtain continuing education credits for license renewal because either classes were cancelled, or online classes were not obtainable.

The Division continues to work tirelessly to stand up more on-line classes to provide the trade professionals with a wider range of continuing education opportunities and we are actively discussing future classroom meetings with size limitations following VDH and CDC safety and Health Guidelines.

We encourage all license holders who have a license due to expire after September 30, 2020 to start exploring the many available options for obtaining continuing education credits.

**For additional information on licensing please visit our web site:**
