

## Career Fire Captain

### Colchester Fire Department

The Fire Captain will have the responsibility for motivating, supervising, training, and evaluating subordinate-level employees. This individual will be responsible for prioritizing, scheduling, and completing tasks associated with non-emergency response activities such as pre-fire planning, fire and life safety education, and training activities; will supervise and participate in the care and maintenance of fire stations, apparatus, equipment; perform, assign, direct, and supervise firefighting and medical emergencies. The Fire Captain will perform administrative duties assigned by the Fire Chief, Assistant Chiefs, or Town Manager, in the Fire Chief's absence. This individual should have a genuine desire to become an active participant in the Colchester community.

Desired minimum qualifications are 6 years of service in an Officer's position with a Fire Department, State Certified FF I, FF II preferred, Hazmat Operations level, ICS Certifications, State Certified EMT-B. Experience in managing employees in an accountable manner; experience in office technologies including Word and Excel; general knowledge of equipment and building maintenance; proficient in writing, math skills, and interpersonal skills. See <https://colchestervt.gov/321/Human-Resources> for complete job description and to apply. Salary range is \$52,432 - \$55,228 plus a competitive benefit package. Submit cover letter, resume and application by 3PM Friday April 3, 2020. E.O.E.
